**If you would like to donate an item or need more information please contact:  
Sue Spierling 952-361-3343 or [suespierling@comcast.net](mailto:suespierling@comcast.net)**

Brody (age 10) was air-lifted from Kellogg on April 18<sup>th</sup> to St. Mary's in Rochester where he went in and out of consciousness for several days. He suffered from 2 fractured vertebra and a brain injury which has affected his short term memory and fine motor skills. With the air, hospital stay, and ongoing physical and cognitive therapy the family not only has the stress of worrying about Brody but minimal insurance coverage has added another burden. This is where their friends in the motocross community are coming together to help! Hope to see all of you there!
