## PRESS RELEASE

X-Games Medalist to Race at Motokazie Supercross in Jordan, June 25th

*Mike Schultz, X-Games silver medalist, will race the Motokazie Supercross as he prepares for this year's ESPN Summer X-Games.*

**Jordan, MN June 25, 2010:** "Every lap counts," says Schultz as he gets ready to for another run at X-Games Adaptive Super-X in July. Schultz will be competing in the pro classes Friday, June 25<sup>th</sup>, at the Motokazie Supercross races held at the Scott County Fairgrounds in Jordan.

A tragic crash during the 2008 pro snocross tour resulted in Schultz's leg needing to be amputated above the knee. A career ending injury for most, Schultz has returned to racing with a vengeance after building his own prosthetic leg that could withstand the punishment of snocross and motocross. Seven months after the injury, Schultz took home a silver medal at the 2009 ESPN Summer X-Games Adaptive Super-X. This winter he did one better by capturing gold in the inaugural X-Games Adaptive Snocross.

Don't think that losing a leg could slow this racer down. Schultz can hold his own against able-bodied riders in part thanks to his Moto-knee, the prosthetic knee he designed to meet the demands of a dirt bike.

Come cheer on Schultz and the other racers Friday night at the Scott County Fairgrounds. The action kicks off Friday June 25<sup>th</sup> at 6:45 pm. Get there early to take advantage of pit passes, free with admission. Schultz will be available to meet and sign autographs.

For additional race info, go to [www.motokazie.com](http://www.motokazie.com). To find out more about Mike Schultz, check out [www.monstermikeschultz.com](http://www.monstermikeschultz.com).
